

January 11, 2011

Dear Walking Fish CSF Members,

Welcome to the winter 2011 Season of Walking Fish, a community supported fisheries (CSF)! As you are well aware, the weather will play an important role in what species we will bring this time of year. The snow on North Carolina's coast this week was gorgeous but it does hamper some of the fishermen from getting out.

We hope you will be encouraged to share your thoughts, ideas, and recipes on our member's forum. This is a great place to post messages and recipes. You can also use the forum to buy, swap or trade shares with others (<http://walking-fish.org/members.php>).

WEEK 1: January 13th Delivery

Where: Sarah P Duke Gardens (main entrance off Anderson Street)

When: Thursday, 4 – 6 pm

Share description:

Southern Flounder

A note about this week's catch: The flounder were trawl caught by Kenny Pittman in the Atlantic Ocean. The boats unloaded at the docks in Merrimon on Monday amidst the snowfall. No worries about keeping the fish cold!

**We are waiting on recipes but thought everyone would like to know what to expect this week!*

~Your Walking Fish Crew
